Issue Spotlight **Resiliency through COVID-19**

Hear a brief excerpt from a panel of local leaders representing various sectors on the frontlines of the COVID-19 crisis: education, healthcare, business and philanthropy. They will share how leading through these unprecedented times has affected them personally and professionally, as well as plans to ensure the safety and recovery of our community. Tune in after the luncheon to view the full discussion.

Featured Speaker

Johanna Garton

AUTHOR, *EDGE OF THE MAP*

Groundbreaking. World-class. Legendary. All words that have been used to describe Appleton native Christine Boskoff, a pioneering high-altitude mountaineer. Her impact on the lives of many was largely unknown. Until now.

Johanna Garton's new book, *Edge of the Map*, tells Christine's remarkable story and follows her journey as she climbs to the top of the highest peaks on earth and breaks barriers in her career. In 2006, Christine and her partner went missing while climbing in China. The world was riveted by the dramatic search for the couple who had perished in an avalanche.

Edge of the Map is a testament to Christine's strength, determination and perseverance and on September 10,

Johanna will inspire you with messages of resiliency, human endurance and the importance of legacy.

Johanna is an author, journalist, attorney, mother and cross country coach. Both Johanna and Christine graduated from Appleton East High School just 3 years apart, traveled to the same parts of the globe, and settled in Colorado. Ironically they never met, though their paths seemed destined to intersect.

Johanna's mother was the first executive director of the Women's Fund giving her unique insights and ties to the mission.

Sponsored by: **US Venture**

Proceeds from this event benefit the Women's Fund for the Fox Valley Region so we may continue to invest in women and girls through grants, advocacy, and education. For questions, please call the Women's Fund at (920) 702-7616.

Thank you to our generous event partners
